Surrounding Land Uses/Zoning		
	<u>Land Use</u>	<u>Zoning</u>
On Site	Commercial / Retail (Scottsdale Towne Square)	PSC
North	Commercial / Retail (East Thunderbird Square North)	C-2 PCD
South	Commercial/Retail/Restaurants	C-1 and C-2
East	Rug Treasures (City of Scottsdale)	Scottsdale I-1
West	Single-Family Residential	R1-14

Background/Issues/Analysis

1. This is a request to rezone a 1.17-acre site from PSC (Planned Shopping Center) to C-2 (Intermediate Commercial) to allow for commercial uses (Companion Case Z-SP-2-17-2) within the Scottsdale Towne Square shopping center.
2. The General Plan Land Use Map designation for the site is Commercial. The proposal is consistent with the General Plan designation and the land uses in the area.
3. The subject property was rezoned to PSC in 1985 via Rezoning Case No. Z-212-85. A subsequent stipulation modification was completed in 1985 to allow the refuse container and compactor to be placed outdoors. The current commercial center provides the surrounding community with various services such as a grocery store, restaurants and a day care facility among many other retailers.
4. The property is located at the intersection of a major arterial street and a private drive. Commercial and retail development exists on the north, south and east sides of the site, serving the local community. There are single-family residential homes abutting the shopping center to the west.
5. The proposed C-2 zoning and uses are compatible with the surrounding area as the properties to the north and south of the subject property are zoned C-1 and C-2. Furthermore, the PSC zoning district is an outdated zoning district that the City of Phoenix no longer rezones properties to.
6. There are no proposed changes to the site or building elevations with the rezoning request.

7. The City of Phoenix Aviation Department has reviewed the rezoning application and stated that the proposed use is compatible.
8. The Water Services Department has noted that the property has existing water and sewer mains that can potentially serve the development.
9. The City of Phoenix Floodplain Management division of the Street Transportation Department has determined that this parcel is not in a Special Flood Hazard Area (SFHA), but is located in a Shaded Zone X, on panel 1760 L of the Flood Insurance Rate Maps (FIRM) dated October 16, 2013.
10. Development and use of the site is subject to all applicable codes and ordinances. Zoning approval does not negate other ordinance requirements. Other formal actions such as, but not limited to, zoning adjustments and abandonment may be required.

Findings

1. The use will be appropriately located in an established retail center with access from a major arterial street.
2. The proposal is consistent with the surrounding commercial land uses.
3. The proposal will increase the range of services accessible to area residents.
